

Contractor “Referral Rewards”

McKeough Supply is offering a “win, win” for our Contractor Partners and their friends in the HVAC business. It’s simple and a straightforward way to earn a little credit for making a connection;

All you need to do is give us the contact information of a Contractor you think we should be doing business with.

If that Contractor opens an account (through credit or COD) you will be handed a \$100 credit note once that new Contractor purchases \$500 worth of material or equipment.

Once that new Contractor makes \$1000 of purchases from McKeough Supply THEY will receive \$100 credit.

There is no limit on how many referrals come from Contractor Partners, McKeough will apply the credit for EACH referral once the criteria has been met.
